You are hereby notified that on this date, the Indiana Utility Regulatory Commission has caused the following entry to be made:

On February 11, 2005, SBC Long Distance, Inc. d/b/a SBC Long Distance ("SBCLD"), filed the above-captioned Petition. The evidentiary hearing is scheduled for April 19, 2005.

The presiding officers issued a docket entry requesting Petitioner to answer Commission questions. Petitioner filed timely answers. The presiding officers now find that Petitioner should answer the following follow-up questions by close of business, Monday, April 18, 2005:

1. In the response to the IURC's Data Requests Question No. 2, the Petitioner states, "Once this reorganization is completed, these out-of-region customers will have a single SBC company to provide them with both their local and long distance telecommunications services." Please explain how this asset transfer will allow these out-of-region customers to obtain their local and long distance service from one SBC company. Will that one company be SBC Long Distance? If so, under what Indiana authority does SBC Long Distance intend to provide local exchange service to these out-of-region customers?
2. Please provide a summary listing of the assets and liabilities to be transferred from SBC Telecom to SBC Long Distance.

IT IS SO ORDERED.

Larry S. Landis, Commissioner

Abby R. Gray, Administrative Law Judge
